OPINION OF TITLE

Re: Karl Rieman Estate
119.83 acres CR 26
Rawson, Ohio 45881

This is to certify that we have examined the title to the following described premises:

Situated in the Township of Union, County of Hancock, State of Ohio, and being a part of the E $\frac{1}{2}$ of the NW $\frac{1}{4}$ and part of the W $\frac{1}{2}$ of the NE $\frac{1}{4}$ of Section 26, T1S, R9E, a tract of land bounded and described as follows:

Beginning at a railroad spike found marking the northeast corner of the W $\frac{1}{2}$ of the NE $\frac{1}{4}$ of Section 26;

Thence along the East line of the W $\frac{1}{2}$ of said NE $\frac{1}{4}$, S 00° 14' 15" E, a distance of 1112.32 feet to the northwesterly limited access right of way line of Interstate No. 75, referenced by an iron pin found 1.39 feet north thereof;

Thence along said northwesterly limited access right of way line, S 45° 28' 51" W, a distance of 2247.88 feet to an iron pin set on the south line of the NW $\frac{1}{4}$ of Section 26;

Thence along the south line of said NW $\frac{1}{4}$, S 89° 44' 17" W, a distance of 1039.46 feet to a wood post found marking the southwest corner of the E $\frac{1}{2}$ of said NW $\frac{1}{4}$;

Thence along the West line of the E $\frac{1}{2}$ of said NW $\frac{1}{4}$, N 00° 09' 28" W, a distance of 2293.26 feet to an iron pin found marking the Southwest corner of a 4.00 acre tract of land as described in Volume 1870, Page 198 of the Hancock County Deed Records;

Thence along the south line of said 4.00 acre tract, N 89° 50' 19" E, a distance of 448.12 feet to an iron pin found marking the southeast corner of said tract;

Thence along the east line of said 4.00 acre tract, N 00° 09' 28" W, a distance of 388.82 feet to a railroad spike found on the north line of said NW $\frac{1}{4}$;

OIL AND GAS LEASE
(Paid Up) Ohio

10709

THIS AGREEMENT made this 8th day of June 1983, between

Andrew J. Nichols & Shirley A. Nichols, husband & wife

Lessor (whether one or more),

whose address is: 20416 Luettich Lane, Estero, Florida 33929

and Palodan Enterprises Inc., P. O. Box 871685, Houston, Texas 77267, Lessee.

WITNESSETH:

1. Lessor in consideration of Ten and more Dollars (\$10,000), in hand paid, of the royalties herein provided, and of the agreements of Lessee herein contained, hereby grants, leases and lets exclusively unto Lessee for the purpose of investigating, exploring, prospecting, drilling and mining for and producing of gas and all other hydrocarbons, conducting exploration, geologic and geophysical surveys by seismograph, core test, gravity and magnetic methods, injecting gas, water and other fluids, and air into subsurface strata, laying pipelines, building roads, tanks, power stations, telephone lines and other structures thereon and on, over and across lands owned or claimed by Lessor adjacent and contiguous thereto, and to produce, save, take care of, treat, transport and own said products, the following described land in Union Township, Hancock County, Ohio to-wit (sometimes hereinafter referred to as the "leased premises"):

The East half of the Northwest quarter of Section 26, AND the West half of the Northeast quarter of Section 26, Township 1 South, Range 9 East, containing 160 acres, more or less, SAVE AND EXCEPT those certain parcels excepted and reserved in Hancock County Deed Book Volume 597 at Page 91, leaving a balance of 138.67 acres, more or less. The subject premises are assessed as Parcel No. 44-0001004366 in Hancock County as of the date of this Agreement.

and being the property described in Deed Volume 597, Page 91 of the Hancock County Record of Deeds. This lease also covers and includes all land owned or claimed by Lessor adjacent or contiguous to the land particularly described above, whether the same be in said survey or surveys or in adjacent surveys, although not included within the boundaries of the leased premises.

2. This lease shall be for a term of five (5) years from this date (the "primary term") and as long thereafter as oil, gas or other hydrocarbons are produced from the leased premises or land with which the leased premises are pooled or this lease is otherwise maintained in effect pursuant to the provisions hereof. If this lease is not being otherwise extended pursuant to the provisions hereof, Lessee is hereby given the option to extend the primary term of this lease, as to all or any portion of the leased premises, for an additional five (5) years from the expiration of the primary term. This option may be exercised by Lessee, at Lessee's sole discretion, at any time during the last year of the primary term by paying or tendering to Lessor, its heirs, successors or assigns (subject to the provisions of this lease regarding changes in ownership) the sum of \$20.00 per net mineral acre for the portion of the lease to be so extended. Additionally, Lessee shall, within thirty (30) days of such payment or tender, record an instrument providing notice of the extension of the lease and the description of the portion of the leased premises covered by such extension. This is a paid up lease requiring no rentals either during the primary term or the extended term.

3. Royalties on oil, gas and other substances produced and saved hereunder shall be paid by Lessee to Lessor as follows: (a) For oil and other liquid hydrocarbons separated at Lessee's separator facilities, the royalty shall be one-eighth (1/8) of such production, to be delivered at Lessee's option to Lessor at the wellhead or to Lessor's credit at the Lessee's oil purchaser's transportation facilities, provided that Lessee shall have the continuing right to purchase such production at the prevailing market price then prevailing in the same or nearest field for production of similar grade and gravity; (b) For gas (including casinghead gas) and all other substances covered hereby, the royalty shall be one-eighth (1/8) of the proceeds realized by Lessee from the sale thereof, less a proportionate part of the costs incurred by Lessee in delivery or otherwise making such gas or other substance merchantable, provided that Lessee shall have the continuing right to purchase such production at the prevailing wellhead market price paid for production of similar quality in the same or nearest field pursuant to comparable purchase contracts entered into on the same or nearest preceding date as the date on which Lessee commences its purchases hereunder; (c) Lessor shall pay a proportionate part of all excise, depletion, privilege, and production taxes now or hereafter levied, or assessed or charged on oil or gas produced from the land; and (d) If a well on the leased premises or lands pooled therewith is capable of producing oil or gas but such well is either shut-in for ninety (90) consecutive days or production therefrom is not being sold or purchased by Lessee or royalties on production therefrom are not otherwise being paid to Lessor, and if this lease is not otherwise maintained in effect, such well shall nevertheless be considered as though it were producing oil or gas for the purpose of maintaining this lease, whether during or after the primary term, if Lessee pays shut-in royalty of One Dollar per acre then covered by this lease, or \$50.00 per shut-in well, at Lessee's option, such payment to be made to Lessor at above address, on or before the next ensuing anniversary date of this lease, or within one hundred and twenty (120) days after such anniversary date, and thereafter on or before each anniversary date hereof while the wells are shut-in or production therefrom is not being sold or purchased by Lessee or royalties on production therefrom are not otherwise being paid to Lessor. For the purpose of calculating shut-in royalties which are paid on a per acre basis, the number of lease acres described in Paragraph 1 shall be deemed correct, whether actually more or less. If Lessee chooses to pay shut-in royalties on a per well basis, when such payment is made, it will be considered that oil or gas is being produced from the entire lease.

4. Lessee, at its option, is hereby given the right and power to pool or combine the acreage covered by this lease or any portion thereof as to oil and gas, or either of them, with any other land covered by this lease, and/or with any other land, lease or leases to the extent hereinafter stipulated, when in Lessee's judgment it is necessary or advisable to do so in order properly to explore, or to develop and operate the leased premises in compliance with the spacing rules of the Oil and Gas Division of the Ohio Department of Natural Resources, or other lawful authority or when to do so would, in the judgment of Lessee, promote the conservation and prevent the waste of oil and gas in and under and that may be

produced from the leased premises. Units pooled hereunder shall not substantially exceed in area six hundred and forty (640) acres each plus a tolerance of ten percent (10%) thereof, provided that should governmental authority having jurisdiction prescribe or permit the creation of units larger than those specified, for the drilling or operation of a well or for obtaining maximum allowable from any well to be drilled, drilling or already drilled, units thereafter created may conform substantially in size with those prescribed or permitted by governmental regulations, and Lessee shall have the recurring right but not the obligation to revise any unit formed hereunder by expansion or contraction or both, either before or after commencement of production, in order to conform to the well spacing or density pattern prescribed or permitted by the governmental authority having jurisdiction, or to conform to any productive acreage determination made by such governmental authority. If Lessee completes a horizontal well which, in Lessee's judgment, shall produce oil, gas or other hydrocarbons from the leased premises, Lessee shall have the right, but not the obligation, to pool or utilize all or a portion of the leased premises or interest therein with any other lands or interests plus a maximum acreage tolerance of ten percent (10%). The unit formed by such pooling shall not exceed six hundred and forty (640) acres plus a maximum acreage tolerance of ten percent (10%). provided, however, that if the Ohio Department of Natural Resources, or other lawful authority, shall prescribe or permit the creation of any horizontal unit, provision unit or spacing pattern for the development of a field, the units created under the authority of this Paragraph 4 may conform substantially in size therewith to the extent necessary to obtain maximum production allowable from any such well. The terms "horizontal well" and "horizontal completion" mean, for purposes of this lease, an oil and/or gas well in which the horizontal component (or high angle deviation) of the gross completion interval exceeds one hundred (100) feet in length. Lessee under the provisions hereof may pool or combine acreage covered by this lease or any portion thereof as above provided as to oil in any one or more strata and as to gas in any one or more strata. The units formed by pooling as to any stratum or strata need not conform in size or area with the unit or units into which the lease is pooled or combined as to any other stratum or strata, and oil units need not conform as to area with gas units. The pooling in one or more instances shall not exhaust the rights of which the leased premises are situated an instrument describing and designating the pooled acreage as a pooled unit; and upon such recotation in the unit shall be effective as to all parties hereto, their heirs, successors, and assigns, irrespective of whether or not the unit is likewise effective as to all other owners of surface, mineral, royalty, or other rights in land included in such unit. Lessee may at its election exercise its pooling option before or after commencing operations for or completing an oil or gas well on the leased premises, and the pooled unit may include, but it is not required to include, land or leases upon which a well capable of producing oil or gas in paying quantities has theretofore been completed or upon which operations for the drilling of a well for oil or gas have theretofore been commenced. In the event of operations for drilling on or production of oil or gas from any part of a pooled unit which includes all or a portion of the leased premises, regardless of whether such operations for drilling were commenced or such production was secured before or after the execution of this instrument or the instrument designating the pooled unit, such operations shall be considered as operations for drilling on or production of oil or gas from the leased premises whether or not the well or wells be located on the leased premises and in such event operations for drilling shall be deemed to have been commenced on the leased premises within the meaning of Paragraph 5 of this lease; and the entire acreage constituting such unit or units, as to oil and gas, or either of them, as herein provided, shall be treated for all purposes, except the payment of royalties on production from the pooled unit, as if the same were included in this lease. For the purpose of computing the royalties to which owners of royalties and payments out of production and each of them shall be entitled on production of oil and gas, or either of them, from the pooled unit, there shall be allocated to the land covered by this lease and included in said unit (or to each separate tract within the unit if this lease covers separate tracts within the unit) a pro rata portion of the oil and gas, or either of them, produced from the pooled unit after deducting that used for operations on the pooled unit. Such allocation shall be on an acreage basis so that there shall be allocated to the acreage covered by this lease and included in the pooled unit (or to each separate tract within the unit if this lease covers separate tracts within the unit) the pro rata portion of the oil and gas, or either of them, produced from the pooled unit which the number of surface acres covered by this lease (or in each such separate tract) and included in the pooled unit bears to the total number of surface acres included in the pooled unit. Royalties hereunder shall be computed on the portion of such production, whether it be oil and gas, or either of them, so allocated to the land covered by this lease and included in the unit just as though such production were from the leased premises. The production from an oil well will be considered as production from the lease or oil pooled unit from which it is producing and not as production from a gas pooled unit. The formation of any unit hereunder shall not have the effect of changing the ownership of any shut-in production royalty which may become payable under this lease. If this lease now or hereafter covers separate tracts, no pooling or unitization of royalty interest as between any such separate tracts is intended or shall be implied or result merely from the inclusion of such separate tracts within this lease but Lessee shall nevertheless have the right to pool as provided above with consequent allocation of production as above provided. As used in this Paragraph 4, the words "separate tract" mean any tract with royalty ownership differing, now or hereafter, either as to parties or amounts, from that as to any other part of the leased premises.

3. If at the expiration of the primary term, oil, gas, or other hydrocarbons are not being produced on the leased premises, or from land pooled therewith, but Lessee is then engaged in drilling or reworking operations thereon, or shall have completed a dry hole thereon within ninety (90) days prior to the end of the primary term, this lease shall remain in force so long as operations on said well or for drilling or reworking of any additional well are prosecuted with no cessation of more than ninety (90) consecutive days, and if they result in the production of oil, gas, or other hydrocarbons, so long thereafter as oil, gas, or other hydrocarbons are produced from the leased premises, or from land pooled therewith. If, after the expiration of the primary term of this lease and after oil, gas, or other hydrocarbons are produced from the leased premises, or from land pooled therewith, the production thereof should cease from any cause, this lease shall not terminate if Lessee commences operations for drilling or reworking within ninety (90) days after the cessation of such production, and if they result in the production of oil, gas, or other hydrocarbons, so long thereafter as oil, gas, or other hydrocarbons are produced from the leased premises, or from land pooled therewith. Any pooled unit designated by Lessee in accordance with the terms hereof, may be dissolved by Lessee by instrument filed for record in the appropriate records of the county in which the leased premises are situated at any time after the completion of a dry hole or the cessation of production on said unit. Lessee may at any time execute and deliver to Lessor or place of record a release or releases covering any portion or portions of the leased premises and thereby surrender this lease as to such portion or portions and be relieved of all obligations thereafter arising as to the acreage surrendered.

4. In exploring for, developing, producing and marketing oil, gas and other substances covered hereby on the leased premises or lands pooled or unitized therewith, in primary and/or enhanced recovery, Lessee shall have the right of ingress and egress along with the right to conduct such operations on the leased premises as may be reasonably necessary for such purposes, including but not limited to geophysical operations, the drilling of wells, and the construction and use of roads, canals, pipelines, tanks, water wells, disposal wells, injection wells, pits, electric and telephone lines, power stations and other facilities to discover, produce, store, treat and/or transport production. Lessee may use in such operations, free of cost, any oil, gas, water and/or other substances produced on the leased premises, except water from Lessor's wells or ponds. The right of ingress and egress granted hereby shall apply to the entire leased premises notwithstanding any release or other limitation affecting any portion thereof. When requested by Lessor in writing, Lessee shall bury its pipelines below plow depth. No well shall be located less than three hundred (300) feet from any house or barn now on the leased premises without Lessor's consent. Lessee shall have the right at any time to remove its fixtures, equipment and materials, including well casing, from the leased premises during the term of this lease or within a reasonable time thereafter. Upon cessation of operations on the leased premises, Lessee shall restore the leased premises as nearly as practicable to its original condition. Lessor represents and warrants to Lessee that Lessor is not aware of any problems relating to the environmental or physical condition of the leased premises and it is specifically understood and agreed that Lessee shall not be liable for or assume any obligation with respect to (i) the restoration or remediation of any condition associated with the leased premises which existed prior to the date of this lease (including pre-existing hazardous substance contamination), or (ii) the removal of any wellbore, equipment, fixtures, facilities or other property located in, on or under the leased premises prior to the date of this lease. Lessor further agrees to indemnify, defend and hold Lessee and its directors, officers, employees, agents and representatives harmless from and against any and all claims, losses, liability (including liability pursuant to the federal Comprehensive Environmental Response, Compensation and Liability Act), damages, diminutions in value and causes of action arising out of any wellbore, equipment, fixtures, facilities or other property located in, on or under the leased premises prior to the date of this lease.

7. The rights of either party hereunder may be assigned in whole or in part, and the provisions hereof shall extend to their heirs, successors and assigns; but no change or division in ownership of the land, or royalties, however accomplished, shall operate to enlarge the obligations or diminish the rights of Lessee; and no change or division in such ownership shall be binding on Lessee until thirty (30) days after Lessee shall have been furnished by registered U.S. mail at Lessee's principal place of business with a certified copy of a recorded instrument or instruments evidencing same. If Lessee transfers its interest hereunder, in whole or in part, Lessee shall be relieved of all obligations thereafter arising with respect to the transferred interest, and failure of the transferee to satisfy such obligations with respect to the transferred interest shall not affect the rights of Lessee with respect to the interest not so transferred. If all (5) or more parties become entitled to royalty hereunder, Lessee may withhold payment thereof unless and until furnished with a recordable instrument executed by all such parties designating an agent to receive payment for all.

8. The breach by Lessee of any obligation arising hereunder shall not work a forfeiture or termination of this lease nor cause a termination or reversion of the estate created hereby nor be grounds for cancellation hereof in whole or in part. No obligation to develop the leased premises shall arise during the primary term. Should oil, gas or other hydrocarbons be discovered in paying quantities on the leased premises, then after the expiration of the primary term, Lessee shall develop the acreage retained hereunder as a reasonably prudent operator, but in discharging this obligation it shall in no event be required to drill more than one well per forty (40) acres plus an acreage tolerance not to exceed ten percent (10%) of forty (40) acres of the area retained hereunder and capable of producing oil in paying quantities and one well per six hundred and forty (640) acres plus an acreage tolerance not to exceed ten percent (10%) of six hundred and forty (640) acres of the area retained hereunder and capable of producing gas in paying quantities. If after the expiration of the primary term, Lessor considers that operations are not being conducted in compliance with this lease, Lessor shall notify Lessee in writing of the facts relied upon as constituting a breach hereof, and Lessee, if in default, shall have ninety (90) days after receipt of such notice in which to commence compliance with the obligations imposed by virtue of this lease.

9. Lessor hereby warrants and agrees to defend the title to the leased premises and agrees that Lessee at its option may discharge any tax, mortgage or other lien upon the leased premises, either in whole or in part, and in the event Lessee does so, Lessee shall be subrogated to such lien with right to enforce same and apply royalties accruing hereunder toward satisfying same. Without impairment of Lessee's rights under the warranty, it is agreed that if this lease covers a less interest in the oil, gas or other hydrocarbons in all or any part of the leased premises than the entire and undivided fee simple estate (whether Lessor's interest is herein specified or not), or no interest therein, then the royalties, and other monies accruing from any part as to which this lease covers less than such full interest, shall be paid only in the proportion which the interest therein, if any, covered by this lease, bears to the whole and undivided fee simple estate therein. All royalty interest covered by this lease (whether or not owned by Lessor) shall be paid out of the royalty herein provided. Should any one or more of the parties named above as Lessors fail to execute this lease, it shall nevertheless be binding upon the party or parties executing the same.

10. Should Lessee be prevented from complying with any express or implied covenant of this lease, from conducting drilling or reworking operations thereon or from producing oil or gas therefrom by reason of scarcity of or inability to obtain or to use equipment, services, material, water, electricity, fuel, access or easements, or by operation of force majeure, including, fire, flood, war, rebellion, insurrection, riot, strike or labor disputes, or by inability to obtain a satisfactory market for production or failure of purchasers or carriers to take or transport such production, or by any other cause not reasonably within Lessee's control, or Federal or state law or any order, rule or regulation of governmental authority, then while so prevented, Lessee's obligation to comply with such covenant shall be suspended, and Lessee shall not be liable in damages for failure to comply therewith, and this lease shall be extended while and so long as Lessee is prevented by any such cause from conducting drilling or reworking operations on or from producing oil or gas from the leased premises; and the time while Lessee is so prevented shall not be counted against Lessee, anything in this lease to the contrary notwithstanding.

See EXHIBIT "A" attached H/W

EXHIBIT "A"

Attached to and by reference made a part of that certain Oil and Gas Lease dated June 8th, 1993, by and between Andrew J. Nichols & Shirley A. Nichols, husband & wife, Lessor, and Palladian Enterprises Inc., Lessee.

ADDITIONAL PROVISIONS:

1. Lessee shall reimburse Lessor for the market value of any growing crops destroyed by Lessee's operations hereunder, or for the market value of crops taken out of cultivation due to Lessee's operations by paying to Lessor prior to initiation of drilling the sum of \$1,500.00 per acre of land utilized in such operation. As to any lands owned by Lessor designated for Lessee's surface use which have tile drainage systems, Lessee shall pay to Lessor the sum of \$2,000.00 per acre. Furthermore, Lessee shall also reimburse Lessor for the reasonable value of damages to the livestock, fences, roads, personal property, buildings or other improvements of Lessor caused by Lessee's operations on the leased premises.
2. It is hereby understood and agreed that prior to entry on the leased premises, Lessee shall consult with Lessor as to the location of all drillsites, points of ingress and egress, roads, and, if necessary, production facilities. Lessee agrees to use reasonable efforts to minimize the amount of acreage utilized during its operations, and maintain the leased premises so as to minimize interference with Lessor's agricultural use of the leased premises.
3. Upon notice from Lessee of its intent to conduct operations on the leased premises, Lessor agrees to consult with Lessee to determine the location and positions of any and all tile drains and outlets situated in or on the leased premises. Lessee shall use reasonable efforts to conduct its operations to protect such drains and outlets from damage, and as long as this lease is in full force and effect, Lessee shall repair or restore any drains or outlets which are damaged by Lessee during the course of its operations on the leased premises within ninety (90) days from the date of notification by Lessor of such damage, given adequate weather conditions.
4. IT IS HEREBY UNDERSTOOD AND AGREED BY THE PARTIES HERETO THAT THE PROVISIONS OF THIS EXHIBIT "A" SHALL SUPERSEDE ANY PROVISIONS OF THE PRINTED LEASE FORM TO THE CONTRARY.
