Deductions may include compression, processing, gathering, transportation or other marketing fees where applicable. Colorado and Wyoming Ad Valorem taxes will no longer be withheld monthly. The deduction will occur in the period Merit Energy Company pays the taxes to the proper tax authority. For a copy of Merit's Privacy Policy, go to meritenergy.com or contact the "Legal Department" at the address or phone number above. Landowner Royalties (designated as RI below) on natural gas, natural gas liquids and helium produced from Kansas wells have been calculated as provided by the terms of the proposed settlement agreement in Freebird, Inc v Merit, as preliminarily approved by the US District Court for the District of Kansas. For purposes of calculating landowner royalties the actual dollar amount of net sales proceeds received by Merit was increased by 5%, and the increased value (shown below as "Gross Value") was utilized as the basis for calculating RI "Owner Value," "Owner Tax" and "Net Share"

Deductions may include compression, processing, gathering, transportation or other marketing fees where applicable. Colorado and Wyoming Ad Valorem taxes will no longer be withheld monthly. The deduction will occur in the period Merit Energy Company pays the taxes to the proper tax authority. For a copy of Merit's Privacy Policy, go to [meritenergy.com](http://meritenergy.com) or contact the "Legal Department" at the address or phone number above. Landowner Royalties (designated as RI below) on natural gas, natural gas liquids and helium produced from Kansas wells have been calculated as provided by the terms of the proposed settlement agreement in *Freebird, Inc v. Merit*, as preliminarily approved by the US District Court for the District of Kansas. For purposes of calculating landowner royalties the actual dollar amount of net sales proceeds received by Merit was increased by 5%, and the increased value (shown below as "Gross Value") was utilized as the basis for calculating RI "Owner Value," "Owner Tax" and "Net Share."

Deductions may include compression, processing, gathering, transportation or other marketing fees where applicable. Colorado and Wyoming Ad Valorem taxes will no longer be withheld monthly. The deduction will occur in the period Merit Energy Company pays the taxes to the proper tax authority. For a copy of Merit's Privacy Policy, go to [meritenergy.com](http://meritenergy.com) or contact the "Legal Department" at the address or phone number above. Landowner Royalties (designated as RI below) on natural gas, natural gas liquids and helium produced from Kansas wells have been calculated as provided by the terms of the proposed settlement agreement in *Freebird, Inc v Merit*, as preliminarily approved by the US District Court for the District of Kansas. For purposes of calculating landowner royalties the actual dollar amount of net sales proceeds received by Merit was increased by 5%, and the increased value (shown below as "Gross Value") was utilized as the basis for calculating RI "Owner Value," "Owner Tax" and "Net Share."

For a copy of Merit's Privacy Policy, go to [meritenergy.com](http://meritenergy.com) or contact the "Legal Department" at the address or phone number above. Landowner Royalties (designated as RI below) on natural gas, natural gas liquids and helium produced from Kansas wells have been calculated as provided by the terms of the proposed settlement agreement in *Freebird, Inc v Merit*, as preliminarily approved by the US District Court for the District of Kansas. For purposes of calculating landowner royalties the actual dollar amount of net sales proceeds received by Merit was increased by 5%, and the increased value (shown below as "Gross Value") was utilized as the basis for calculating RI "Owner Value," "Owner Tax" and "Net Share."

The calculation of royalty and revenue payments for Newfield's share of production is based upon the revenues received by Newfield for the sale of the oil, gas or other products to non-affiliated purchasers or processors. The payment reflected in the check may show certain deductions under the column titled "Deducts" for a proportionate share of costs paid by Newfield to non-affiliated third parties who provide certain services with respect to the production that was sold. Where Newfield is the Operator of the well, this statement may also depict information with respect to production sold by other oil and gas producer(s) who have remitted their royalty share of proceeds to Newfield for distribution. As to those proceeds, the information shown in this statement is based upon the information Newfield received from the other producer(s) or their purchaser(s). Federal and State taxes have been deducted as required.

The calculation of royalty and revenue payments for Newfield's share of production is based upon the revenues received by Newfield for the sale of the oil, gas or other products to non-affiliated purchasers or processors. The payment reflected in the check may show certain deductions under the column titled "Deducts" for a proportionate share of costs paid by Newfield to non-affiliated third parties who provide certain services with respect to the production that was sold. Where Newfield is the Operator of the well, this statement may also depict information with respect to production sold by other oil and gas producer(s) who have remitted their royalty share of proceeds to Newfield for distribution. As to those proceeds, the information shown in this statement is based upon the information Newfield received from the other producer(s) or their purchaser(s). Federal and State taxes have been deducted as required.

The calculation of royalty and revenue payments for Newfield's share of production is based upon the revenues received by Newfield for the sale of the oil, gas or other products to non-affiliated purchasers or processors. The payment reflected in the check may show certain deductions under the column titled "Deducts" for a proportionate share of costs paid by Newfield to non-affiliated third parties who provide certain services with respect to the production that was sold. Where Newfield is the Operator of the well, this statement may also depict information with respect to production sold by other oil and gas producer(s) who have remitted their royalty share of proceeds to Newfield for distribution. As to those proceeds, the information shown in this statement is based upon the information Newfield received from the other producer(s) or their purchaser(s). Federal and State taxes have been deducted as required.

The calculation of royalty and revenue payments for Newfield's share of production is based upon the revenues received by Newfield for the sale of the oil, gas or other products to non-affiliated purchasers or processors. The payment reflected in the check may show certain deductions under the column titled "Deducts" for a proportionate share of costs paid by Newfield to non-affiliated third parties who provide certain services with respect to the production that was sold. Where Newfield is the Operator of the well, this statement may also depict information with respect to production sold by other oil and gas producer(s) who have remitted their royalty share of proceeds to Newfield for distribution. As to those proceeds, the information shown in this statement is based upon the information Newfield received from the other producer(s) or their purchaser(s). Federal and State taxes have been deducted as required.

The calculation of royalty and revenue payments for Newfield's share of production is based upon the revenues received by Newfield for the sale of the oil, gas or other products to non-affiliated purchasers or processors. The payment reflected in the check may show certain deductions under the column titled "Deducts" for a proportionate share of costs paid by Newfield to non-affiliated third parties who provide certain services with respect to the production that was sold. Where Newfield is the Operator of the well, this statement may also depict information with respect to production sold by other oil and gas producer(s) who have remitted their royalty share of proceeds to Newfield for distribution. As to those proceeds, the information shown in this statement is based upon the information Newfield received from the other producer(s) or their purchaser(s). Federal and State taxes have been deducted as required.
