Prior Deed in Title: Special Warranty Deed from Montgomery Land Company, LLC, as Grantor, to Hillsboro Energy LLC, as Grantee, dated August 12, 2010 bearing Instrument No. 201000059726 and recorded on August 30, 2010 in the office of the County Recorder of Montgomery County, Illinois in OR Book 1399, Page 99 – 105.

This conveyance of the Property is made expressly subject to all existing and recorded (or visible upon inspection) conveyances, restrictions, exceptions, reservations, easements, rights-of-way, leases, conditions, encroachments, and covenants of whatever kind or nature (collectively "Prior Reservations"). To the extent not covered by or subject to Prior Reservations, Grantor hereby excepts and reserves from this conveyance and from the force and effect of this Special Warranty Deed the following interests, rights and privileges: the No. 5 and No. 6 seams of coal underlying the Property (collectively "Coal") and all rights and privileges to enter upon and use the surface of the Property in connection with exploring for, analyzing (including core drilling), mining, removing, developing, transporting, producing, and marketing the Coal and/or the Coal mined, removed, developed, produced, or marketed from other properties (still collectively "Coal") including (i) the right of mining and removing the Coal by any legally permissible mining method, including without limitation longwall mining and any other full extraction method now used or becoming available in the future, except strip and open pit methods; (ii) the right to mine and remove all or any part of the Coal without leaving lateral or subjacent support for the surface or any overlying strata on, in or under the Property or any adjoining property and thereby causing subsidence, and the right to subside the surface of the Property without liability to the Grantee, its heirs, successors or assigns, for any injury or damage to the surface or subsurface or anything thereon or therein from any and all causes whatsoever for surface or subsurface subsidence caused by mining out the Coal, including but not limited to not leaving pillars or partial pillars or artificial supports under the Property due to mining by longwall or other full extraction methods; (iii) the right to use any strata, openings, passageways, voids and spaces created by the mining and/or removal of the Coal or existing prior to such mining and removal for the purpose of transporting people or equipment or Coal mined and/or removed from the Property or other lands and for any other purpose whatsoever including without limitation the disposal of slurry, coal combustion materials, or any other substances; (iv) the right to use any and all voids, geologic formations, Coal or other mineral seams or strata for all lawful purposes including without limitation carbon dioxide sequestration; (v) the right of ingress, egress.

and regress and the right to enter onto the Property at all times and for all lawful purposes including fully exercising and enjoying those rights and privileges herein excepted and reserved, conducting subsidence mitigation and restoration work, reconstructing drainage patterns which may be necessary to correct any material damage resulting from subsidence to the Property and nearby or adjacent lands to the extent Grantor, its successors or assigns are required to do so under applicable laws or regulations, and engineering, reclaiming, surveying, inspecting, drilling, exploring, and performing such other operations or activities as may be required by law or regulation (either now existing or hereafter imposed); (vi) all mining, removal, development, production and transportation rights, easements, privileges, and options appurtenant to the title of the surface and/or the Coal and owned by Grantor, whether express or implied, as the same may apply to the coal estate and the overlying surface and strata; and (vii) the right to vent and flare methane, gob gas, coal seam gas and/or horizontal borehole gas for reasons related to mining ventilation and/or safety.

To the extent it is necessary for Grantor or its successors or assigns to exercise the right reserved in this deed to enter onto the Property, reasonable advance prior notice shall be given to Grantee (except that the requirement of reasonable advance prior notice shall be deemed to be waived in the event of an emergency). In the event Grantor or its successor or assigns damages or disturbs the Property upon the exercise of any of the rights or privileges reserved in this Special Warranty Deed, then Grantor or its successors or assigns, as applicable, shall repair or compensate Grantee for any resulting damage or disturbance to the Property.

Grantor hereby reserves and makes this Special Warranty Deed subject to a sole, exclusive, and irrevocable option ("Option"), in favor and for the benefit of Grantor and its successors and assigns, to purchase from Grantee or its successors and assigns (such Option being a covenant running with the land) all or any part(s) of the Property as Grantor may desire to purchase ("Desired Property") at any time, and from time to time, during the term of the Option which shall commence on the date this Special Warranty Deed is signed and delivered by Grantor ("Effective Date") and shall terminate at the close of business on the date which is twenty (20) years after the Effective Date ("Option Period"). If at any time and from time to time during the Option Period Grantor desires to

purchase Desired Property, Grantor shall provide written notice thereof to Grantee ("Option Notice") and shall specify in the Option Notice the specific Desired Property it desires to purchase at that time. The purchase price to be paid by Grantor to Grantee for such Desired Property shall be the fair market value of such Desired Property on the date of the applicable Option Notice ("Option Date"). Closing for the sale, purchase, and conveyance of the Desired Property shall take place at a mutually agreed to, date, time and place which such date ("Closing Date") shall be no more than ninety (90) days after the Option Date. The fair market value of the Desired Property shall be determined by an appraisal of the Desired Property performed by an independent, qualified, and duly licensed real property appraiser who shall be mutually selected by Grantor and Grantee ("First Appraisal"). The cost of the First Appraisal shall be paid by Grantor. If the First Appraisal is acceptable to Grantor and Grantee, then the "fair market value" of the Desired Property from the First Appraisal shall be final and binding on Grantor and Grantee and shall be the purchase price of the Desired Property. In the event either Grantor or Grantee objects to the First Appraisal, the objecting party shall obtain, at its cost, a second appraisal of the Desired Property by a second independent, qualified, and duly licensed real property appraiser selected by the objecting party ("Second Appraisal"). The "fair market values" of the Desired Property from the First Appraisal and the Second Appraisal shall be averaged to produce the fair market value of the Desired Property which then shall be final and binding on Grantor and Grantee and shall be the purchase price of the Desired Property. The purchase price shall be payable in lawful money of the United States by check or wire transfer of immediately available funds. Grantor and Grantee shall cooperate in good faith to close the sale, purchase, and conveyance of the Desired Property on or before the Closing Date. Grantee shall convey the Desired Property to Grantor or its designee free and clear of all liens and encumbrances (except for any easements or restrictions of record) by special warranty deed. All real property taxes (and other allocable costs) shall be prorated as of the Closing Date. Grantee shall pay all transfer taxes and Grantor shall pay all recording fees with respect to the transfer(s) of any and all Desired Property. Grantor and Grantee each shall bear its own legal fees and other costs associated with closing the transfer(s) of any and all Desired Property.

TO HAVE AND TO HOLD the Property to Grantee and Grantee's successors and assigns forever; and Grantor covenants as its sole warranty that the Property is free of any encumbrance made or suffered by Grantor and that Grantor shall warrant and defend the same to Grantee and Grantee's successors and assigns forever, against the lawful claims and demands of all persons claiming by, through, or under Grantor, but against none other. Grantor is aware of a right of first refusal having been granted by Montgomery Land Company, LLC (a predecessor entity of Grantee, having been merged into Grantee on August 12, 2010) to a third party with respect to "TRACT 5" of the Property which is a covenant of record running with the land and which is currently an encumbrance on or against the Property ("Acknowledged Encumbrance"). Grantor has made Grantee aware of the Acknowledged Encumbrance, Grantee has acknowledged to Grantor the existence and effect of the Acknowledged Encumbrance, and Grantee has agreed to accept this Special Warranty Deed, and hereby does so, with full knowledge of the Acknowledged Encumbrance. Grantor shall not warrant and defend the Property for or against claims and demands arising out of the Acknowledged Encumbrance.

The conveyance of the Property is subject to unpaid real property taxes for 2014 and subsequent years which Grantee shall pay.

This Special Warranty Deed is made with the special covenant of after-acquired title as to the Property herein conveyed to the extent of the purported paper title within Grantor's chain of title.

This transaction and the conveyance herein are exempt from the transfer tax under 35 ILCS 200/31-45 paragraph (e) since this is a deed where the actual consideration is less than one hundred dollars (\$100.00).

IN TESTIMONY WHEREOF, Grantor has caused these presents to be signed and delivered by its duly authorized officer or person on May 19th, 2014.

THIS SHORT FORM OR MEMORANDUM OF MITIGATION AGREEMENT ("Short Form") is made and entered into on August 12, 2010, and is by and between **New River Royalty, LLC**, a Delaware limited liability company authorized to do business in the State of Illinois, with an address of 208 Public Square, 4th Floor, Benton, Illinois 62812 ("Surface Owner"); and **Hillsboro Energy LLC**, a Delaware limited liability company duly authorized to transact business in the State of Illinois, with an address of 925 S. Main Street, Hillsboro, Illinois 62049 ("Company"). Surface Owner and Company is each sometimes referred to individually as a "Party" and are sometimes referred to collectively as the "Parties".

WHEREAS, Surface Owner is the owner of the surface of various lands located in Montgomery County, Illinois ("Property"); and

WHEREAS, Company owns a coal mine ("Mine") which includes, or which hereafter may include, certain coal from the No. 5 and No. 6 seams of coal underlying the Property which is within the scope of operation for the Mine; and,

WHEREAS, the Parties have entered into that certain "Mitigation Agreement" with an Effective Date of August 12, 2010 ("Agreement") which sets forth the plan of the Parties for the mitigation of subsidence damage to the Structure(s) (being the structures or facilities located on the Property) and for either the repair of or the payment of compensation for damages to the Structure(s) caused by or resulting from Company's mining and/or removal of coal from the No.

5 and No. 6 seams of coal only in the Mine as required by the Illinois Surface Coal Mining Land Conservation and Reclamation Act, 225 ILCS 720/1.01 *et seq.*, certain regulations issued thereunder, or any other applicable law.

The Agreement gives Company certain rights and/or obligations or responsibilities regarding inspecting Structures and repairing or compensating for certain Damage (as defined in the Agreement). In the Agreement Surface Owner waives certain rights regarding minimization and notice of subsidence; and Surface Owner agrees to certain restrictions on constructing new structures and making improvements to existing structures.

The term of the Agreement is for twenty-five (25) years after its Effective Date; provided that if coal mine subsidence occurs prior to the end of said term, such term shall be extended until such time as any Damages (as defined in the Agreement) are corrected by repair or addressed by the payment of diminution in value. The Agreement provides if Surface Owner, or Surface Owner's agent, or anyone acting on behalf of Surface Owner or for Surface Owner's benefit, acquires any surface land or surface property within Montgomery County, Illinois during the term of the Agreement ("New Surface"), the New Surface shall be and become part of the Property (and thereby become subject to the Agreement).

The Parties acknowledge and agree that (a) this Short Form is executed only for recording purposes in order to give notice of the existence of the Agreement, its purposes, and some of its provisions; (b) the lands owned by Surface Owner in Montgomery County, Illinois (and any New Surface) are subject to the Agreement; (c) capitalized terms in this Short Form shall have the same meaning given to the terms in the Agreement; and (d) to the extent that the terms and provisions of this Short Form differ from those in the Agreement, the terms and provisions of the Agreement shall control.

In the Second Amended Agreement Surface Owner waives certain rights regarding minimization and notice of subsidence, and Surface Owner agrees that Company or its agents(s) or contractor(s) shall be entitled, solely at its/their own cost and election, to conduct and perform reconstruction of surface drainage patterns as necessary to relieve subsidence effects on the Property and adjacent and/or nearby properties.
